

EVAP Wet Electronics Rescue Pouch™

K39723AM

Product Description

Studies show that 2 of 3 people will get their smartphone wet. For a fraction of that cost, you can rescue your wet electronics with the Kensington EVAP kit. EVAP contains a unique drying agent that safely removes the moisture from sensitive electronics preventing damage while restoring use -- fast!

There are no current solutions that are 100% effective. Change the outcome of your next accident with EVAP, engineering new outcomes for tomorrow's water accidents.

Features

- Rescue your wet electronics before it's too late!
- 700% more effective at removing moisture than rice
- For best results allow 6-24 hours and simply wait for the humidity indicator to signal that it's ready
